LASTING DURABILITY MEETS STREAMLINED DESIGN

HP ENGAGE ONE ESSENTIAL ALL-IN-ONE SYSTEM

Deliver exceptional customer experiences and add value to your business with the sleek, functional HP Engage One Essential. This elegant, fanless, fully sealed design protects from dust and liquid intrusions (IP54 certified[1]). It offers durability with the performance you need and abundant options to tailor it to your operations.

RESILIENTLY CRAFTED, DEFINED BY DESIGN

Conduct business confidently with a fanless, fully sealed design to protect from dust and liquid intrusions (IP54 certified[1]) and a 3-year onsite warranty[2]. And with its sleek look, this device complements any environment.

ESSENTIAL EVERYDAY PERFORMANCE

Blaze through shifts with an Intel® Celeron® or Pentium® processor[3] with a choice of 4GB or 8GB RAM, 128GB or 256GB SSD, a range of ports to connect everyday devices, and fast network connectivity through wired ethernet or Wi-Fi [4].

DESIGN YOUR IDEAL SYSTEM

Configure a system with optional integrated accessories[5] that help keep counters clutter-free — magnetic stripe reader, barcode scanner, fingerprint reader and 6.6 inch diagonal customer display along with a choice of stands and mounts[6].

KEY FEATURES

Ensure operational excellence and redefine your customer experience with this fanless All-in-One system.

FLEXIBLE DEPLOYMENT

Tailor your installation to fit your needs with various mounting options including VESA® wall and pole mounts[6,7], or even self-service set-ups[7].

STREAMLINED CABLE MANAGEMENT

Thoughtful cable management keeps check-out areas organized and clean by neatly channeling cords through the side or back of the base.

SUSTAINABILITY-FOCUSED

Built with sustainability in mind with ocean-bound and recycled plastics, ENERGY STAR® 8.0 certification, and recycle-friendly metals[8].
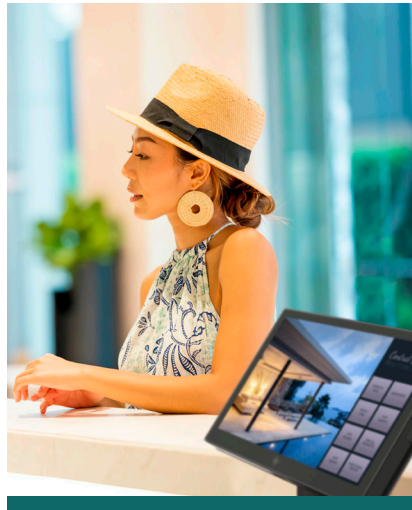

SUPPORTED BY HP

Rest easy that your IT investment is supported by a 3-year onsite standard limited warranty[2].

1-HP Engage One Essential All-in-One System is IP54 Certified. Test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack.
2-Onsite and other terms and conditions may vary by country. Service levels and response times may vary depending on your geographic location. Restrictions and limitations apply.
3-Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance
4-Wireless access point and internet service required, and sold separately. Availability of public wireless access points limited. Wi-Fi 5 (802.11 ac) is backward compatible with prior 802.11 specs.
5-Embedded peripherals excluding the barcode scanner and 6.6 inch customer-facing display must be configured at purchase.
6-Stands and VESA® Hubs must be configured at purchase.
7-Accessories are sold separately.
8-5% ocean bound plastics in speaker enclosure. 100% outer box/corrugate cushion packaging made from sustainably sourced, certified, and recycled fiber. Fiber cushions made from 100% recycled wood fiber and organic material. Any plastic cushions are made from >90% recycled plastic. Excludes plastic bags and plastic foam sheeting.
